

Melodic Dictation App Tutorial

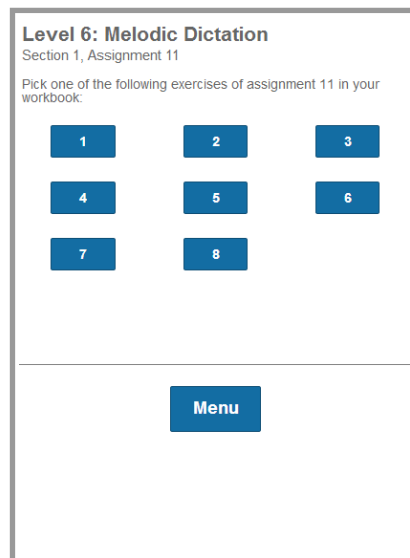

The following tutorial is for the Level 6 Melodic Dictation app.

To access the melodic dictation melodies found in the book, take the following steps.

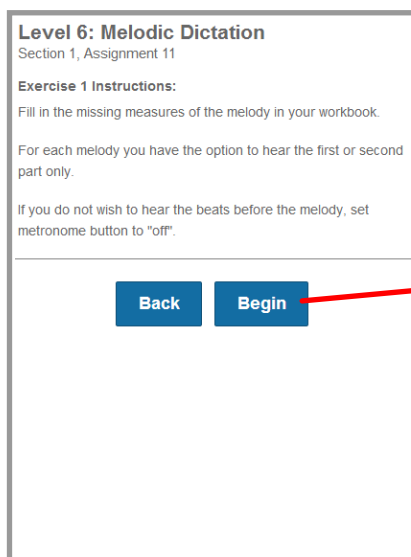

- 1) Choose "Assigned Melodies" if you wish to access the melodic dictation assignments given in the theory book.

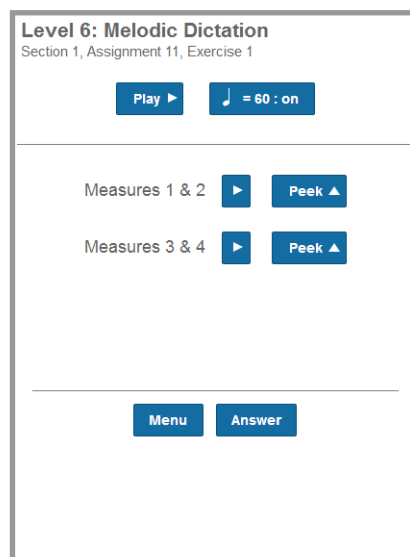

- 2) A menu of numbered buttons appears which correspond to the numbered examples given in the book.

- 3) After making your selection (in this case, the "1" button) you are given directions. Press "Begin" to proceed.

- 4) This window is the Main Interface used when listening to the melodies (or rhythms).

The Main Interface

The complete melody will play whenever this button is used.

The preparatory scale/arpeggio and metronome clicks will always play when this button is set to "on".

Set to "off" if you don't want to hear the preliminary scale/arpeggio and beats.

Press this "Peek" button to see the notes for measures 3 & 4.

Press this "Peek" button to see the notes for measures 1 & 2.
